Preacher Objects to Millinery. Rev. Robert M. Maxey, pustor of Inion Station Methodist Episcopa Courch to Richmond, has for some Sun-

days past been touching on local affairs in a most interesting fashion. On Sun-day he made a number of observations about Sunday excursions, women's hats and riding street cars on Sunday. Mr. Maxey objected to people taking

he Sunday excursions to the seashore, instead of rest; such excursions were really a labor and wore one out. The preacher said that during the day he had taken a street car ride, had gone out to preach at the Confederate Home, "I suppose when people saw me they said: 'He kicked up the devil about dancing, and here he is riding on a street car on Sunday.' "But I went on mission of mercy to save souls of those old men who have not very lorg to

After the sermon the preacher begged o make an announcement which he had orgotten at the opening of the service. He said that the weather was getting warm, and if the ladies would not dreup so much, and come without their nate, it would be much more satisfactors to the people who sat behind them. said! that formerly the style of ladles' head-gear had been large, round brime, but now they shot up high in the air at the back, which made it just as impossible to see past them.

A good complexion is impossible with the stomsch out of order. If pasty sallow people would pay more attention to their stomechs and less to the skin on their faces, they would have better complexion, KODOL FOR DYSPEPSIA will digest what you cat and put your stomach back right in shape to do its own work, Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc., Sold by W. Senator Gorman's Condition. A friend of Senator Gorman, who is

familiar with the invalid's condition, said yesterday that the Senator is too ill to be taken from his home in Washingon to his country home, near Laurel. It is sald, that in addition to his heart, he Senator's stomach is affected. To this fact it attributed his weakness. "Is Senator Gorman's condition alarm

Yes and no. I say yes when I re call what may occur to any man with a

weak heart. I say no when I call atten-tion to Mr. Gorman's abstemious hebits. his stomach had been weakened by dissipation, his condition would be serious, but that is not the cause. He may, therefore, survive months, and even for two or three years or longer, but he will, of course, bein a weak con-dition more or less. This view of the dition more or less. This view of the Senator's condition is based upon those entirely familiar with it."
